

LOCAL NEWS.

Mr. and Mrs. N. W. Bernard of Arizona are in town.

You want a search light to discover a good breakfast at the American Kitchen.

John Dowdle of Safford is in the city. For the past month he has been in the vicinity of Benson gathering and shipping cattle.

There is some talk of parties here outfitting for the Alaska gold field. Just who they are or what they are doing they are going cannot be determined.

A man aged 70 years in the Phoenix hospital had a leg amputated yesterday. He stood the operation well and will recover.

The Lowell observatory at Flagstaff, over which Tucson made a struggle to obtain has been closed since it will be moved to some place in the desert.

There will be the regular meeting of Arizona Commandery tonight at 7:30 o'clock. Arrangements will be made for Easter services.

E. P. Van Kur-n will leave tonight for Prescott, to attend the session of the grand lodge of Odd Fellows. He will go via Phoenix.

The school house needs painting and repairing. The old paint has worn off and the wood is cracking and becoming unsightly. It should be protected.

At a meeting of the trustees of the library H. D. Underwood was elected president. Leo Goldschmidt, secretary. Mrs. A. Stienfeldt treasurer and Miss Pomeroy librarian.

Cotton from the trees in the valley hills the air like flakes of snow and is making itself a nuisance generally. It is not so much a pest as it is a nuisance.

A Japanese yen is equal to 72 cents American money. We make this statement in response to repeated inquiries as to the value of this piece of money in reference to the indemnity demanded by Japan from China.

A Reduill the Phoenix piano man issued a postal stating that he does not want the earth, but a piano. No decision would be made until he indicated that he will come pretty near getting it. Reduill is irrepressible and indefatigable.

Hello! where's that crowd going? To the American Kitchen to get an American breakfast prepared by an American cook and served by American waiters at American prices and for an American two bit piece. Well that suits me, let join the crowd and patronize this popular house.

The Presbytery of Arizona is announced to meet tonight in the Baptist church, north Stone avenue, at 7:30. The opening sermon will be made by Rev. J. G. Prater, pastor of the church. The public are cordially invited to be present. The meeting promises to be full of interest.

The land court completed its labors and adjourned today to June 20, when it will again reconvene. No decisions have been rendered, but these will probably be announced at the Santa Fe term, which opens in that place on May 11. The judges leave for home tonight. Hon. Matt Reynolds goes tomorrow.

El Monitor, a Spanish paper published at Nogales, is to be removed to Hermosillo in the near future. The editors of the paper Messrs. Bernal and Davila who have heretofore been decidedly hostile to Mexican officials have now compromised their differences and peace reigns.

John Wickstead, who for the past several years has been with the Casati mines, died at Quindaro's ranch in the Santa Fe territory. He was brought to town and was buried here at 4:30 today. He had been ailing for quite a while and being alone was probably neglected of himself. He never assumed a serious character. He was taken to Quindaro's ranch as stated. He was about 60 years of age and had lived heretofore for many years.

Frank Proctor is devoting his leisure hours to new inventions. The latest of his inventions is a detector of the best of his genius is in the direction of a press to be worked on purely scientific principles and which promises a revolution in letter press printing. A six foot wheel bar is put in motion and on being subjected to the requisite strain incidental to the desired pressure and the work is done. No secrets, however, will be given away till the patent has been applied for.

There are 27 men in the county jail, sixteen of whom are United States prisoners, two being Chinese held for deportation to the Flamingo Kingdom. Of the entire 27 there is but one American and he should have been out long ago. So far as can be learned he was a tenderfoot from the east and was, for something better to do, standing outside of a saloon in this city. Two men took him up, one of whom hand-d him a half dollar and requested him to step inside and get them a bottle of whiskey. This he obligingly did and is in trouble to this day. The two men, it appears, were Indians.

In McClure's Magazine for March the new remedy for diphtheria, which promises to reduce the most malignant of diseases to comparative harmlessness, will be described in its manufacture and application, and with numerous pictures by Dr. Hermann M. Biggs and Dr. William H. Park. The writers, through their official connection with the New York City board of health, are in a position to give the production of the diphtheria anti-toxin, and write, therefore from the fullest information.

Col. Robert Todd, for the past several years City editor and all around rascal on the Star, has severed his connection with that paper and tonight takes his departure for Los Angeles where he will enter the employment of one of the large dailies in that city. The Critters sincerely regret to see "Bob" go. He is a bright young fellow of most exemplary character, a good newspaper man and a good citizen. At the meeting of the last democratic territorial convention he was elected secretary and was subsequently chosen for a like office by the territorial central committee, in which position he served with marked ability. In bidding goodbye to Tucson he leaves many friends behind him but he takes their best wishes with him for success in his new business.

Rev. I. T. Whitmore of Florence, is in the city and will remain here for several days. The reverend gentleman is a thorough theologist over the beauties and possibilities of the Casa Grande valley, which is one of the finest on the coast. He reports good prospects for the coming year. The big dam at the Butte and also for work on an extensive scale at the Silver King and Reynard mines. These things, together with the building of the new bridge at the Butte, are bringing unexampled prosperity to Florence and the Casa Grande valley.

Governor and Mrs. Hughes returned from Yuma yesterday, where the governor had been attending the meeting of the board of control, which met to consider prison matters. Auditor Leitch and Col. McDord, the members of the board, returned to Phoenix. Mrs. Hughes was very much pleased with her visit. She was a member of the committee with Messrs. McDord and Leitch to hear applications of prisoners for pardons (as the governor is required to pass finally upon the recommendations of the board). They heard about sixty applications. The report of the committee will be made in ten days.—Star.

AS IN YOUTH

Ayer's Hair Vigor

CORDIALLY INDORSED.

RESTORES
Natural Growth
OF THE
HAIR
—WHEN—
ALL OTHER
Dressings
FAIL.

"I can cordially indorse Ayer's Hair Vigor, as one of the best preparations for the hair. When I began using Ayer's Hair Vigor, all the front part of my head—about half of it—was bald. The use of only two bottles restored a natural growth, which still continues as in my youth. I tried several other dressings, but they all failed. Ayer's Hair Vigor is the best." Mrs. J. C. FARRIS, Converse, Texas.

Ayer's Hair Vigor

PREPARED BY
Dr. J. C. AYER & CO., LOWELL, MASS.

25 CENTS A BOTTLE.

A Pleasant Musical.

A very pleasant musical was given by Miss M. Mulford at her residence on Wednesday afternoon in honor of her guests Mrs. Lee Witty and Miss Ada Williams.

There were present the hospitable hostess Miss M. Mulford, and Mesdames L. Witty, Davis, Jacob, Martin, B. M. Jacobs, C. R. Drake, W. H. Barnes, J. H. Martin, H. Brown, O. T. Rouse, J. A. Zabriskie, E. A. Trippell, J. S. Noble, J. D. Beckman, A. A. Bern, A. H. Rouse, H. Brown, Bradford, P. Proctor, C. A. Shihell, W. Florenheim, B. W. Tichenor, Messrs. Long-cker, T. D. Fitch, H. W. Fenner, S. Finley, and the Messrs. Pomeroy, Hemme, Zabriskie, Proctor, Bethune, and Williams.

The ladies who favored the guests with their musical selections, were Mesdames Davis, Jacob, Martin, Ains, Tichenor and Mesdames Hemme, Zabriskie and Proctor.

Mrs. Witty and Miss Williams leave for California tonight. They express themselves as very much pleased with their visit.

RHEUMATISM is the back, shoulder, hips, elbows, or wrists, is caused by accumulation of acid in the blood. Hood's Serravallo neutralizes the acid and cures rheumatism.

Hood's Pills are the best family cathartic and liver medicine. Harmless and reliable.

Unclaimed Letters.

List of unclaimed letters remaining in the Tucson postoffice for the week ending March 30, 1895.

Arizona Imp Co., Maldonado, Refugio Acosta, Francisco, Mendibles, Inocen- Adams, George D., clia.

R. M. Miranda, Martina M. Campbell, Thomas, Moreno, Macdonio Carrizosa, Francisco P.

Cervante, Patricio, Moreno, Mariana Coover, Miss Lynna Moreno, J. D. McClear.

Corrales, Josefa, McKie, Mrs. Duarte, Jose, McNulty, W. F. Duarte, Vicente, Santa Cruz, Estela, Ellis, Chas.

Flora, Maria, Velez, Francisco Garcia, Alfonso, Wallace, Daniel H. Johnson, George T. Wilson, Mrs. Jones, M. J. (4), Yale, John.

Chas. DeGroff, Postmaster.

Daring La Fiesta.

Those ladies who intend seeing the beautiful Queen of La Fiesta, will also be attracted by the beauty of a party of the night, hair ornaments of tortoise shell, gold and silver, at the popular Imperial Hair Bazaar, under the Hotel Holbeck, 224 and 226 N. Second street, Los Angeles. Renowned hair dressers and makers of hair goods.

THE MARICOPA COPPER CO.

A New Mining Corporation Organized.

Out of the debris of the wreck of the Harcour Copper Company owning extensive mining properties in this and Yuma county, there has sprung a new company known as the Maricopa Copper Company, organized under the laws of Illinois.

The new company is composed of members of the old company who have sufficient faith in the property to develop and work them. Mr. Frank Prange, of the new company, is now in Phoenix making arrangements to start up the copper properties and some of them will be at work and stamping out the ore.

Mr. L. W. Morgan, superintendent of the old company, is expected to return to the office Friday morning when details for the work will be arranged.—Phoenix Herald.

Frank Shephardson, an engineer on the Southern Pacific, who resides at Los Angeles, was troubled with rheumatism for a long time. He was treated by several physicians, also visited the Hot Springs, but received no permanent relief until he used Chamberlain's Pain Balm. He says it is the best medicine in the world for rheumatism. For sale by Fred Fleischman.

THE BIG BONANZA.

The Pierce Claim Pronounced One of the Biggest Showings in the Country.

A mining man visited the Pierce mine yesterday, and returned last night bringing with him samples of the dump, which he said is the richest in the world. Two or three carloads of ore are already out, and will be shipped very soon. The ore will be hauled to Willcox, which is the nearest point on the railroad.

The ledge is pronounced one of the strongest and best defined to be found anywhere, and the ore is thoroughly mineralized for its width of ten feet.

Mr. Pierce yesterday refused an offer of \$15,000 for his claim, but as he has this much in ore on the dump, he ground, he sensibly refused the offer.—Prospector.

If the Baby is Cutting Teeth.

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain from wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Birthday Party.

Last Sunday night Miss Sarah Briley reached her twentieth birthday. She was most agreeably surprised by several of her friends and acquaintances, who took possession of her residence on Madison avenue, with the intention of having a good time.

The string band, under the leadership of Prof. E. Zoumer, rendered some of the sweet music for which it is noted. A fine lunch was served. Dancing and singing followed till the small hours of the morning had arrived, when the party broke up.

The following ladies and gentlemen were present: Mr. and Mrs. Sam Harris, Mr. and Mrs. John Fugitt, Mr. and Mrs. J. D. Beckman, Mrs. C. Edwards, Miss Maud Vivian, Joseph Nugent, Wm. Mimmack, Frank Martinez and Jas. Williams.—Sentinel.

Billious Colic.

Persons who are subject to attacks of bilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. It acts quickly and can always be depended upon. In many cases the attack may be prevented by taking this remedy as soon as the first indication of the disease appears; 25 cent bottles for sale by Fred Fleischman.

WHOLE HERD DESTROYED.

A case of Wholesale Tuberculosis in California.

The following dispatch recently sent out from San Francisco may be a matter of interest if not a subject of alarm to Arizona stockmen:

"A Union party of a herd of eleven at the University dairy on the old San Bruno road was condemned by the inspector of the board of health, who ordered the annihilation of the entire herd on account of tuberculosis. All the cows had the disease in an advanced stage and the proprietor, P. M. Pallason, admitted that he had been serving customers with the milk, although he knew the cows were diseased.

"Pallason brought some of the cows for \$5 each. In extension he pleaded that he had to support his family, but afterwards admitted that he owns considerable city property and is far from being a poor man. The authorities will probably arrest Pallason on a criminal charge.

Interest in Arizona Mines.

From statements in the Denver Mining Record it is evident that Arizona will be an active mining state this year. A number of eastern syndicates have turned their attention to securing property in the territory, and have sufficient capital to go anywhere. Several of these syndicates have been organized through Denver recently to examine the mining properties down here, and as reports indicate; they have not been idle in tying up a number of good mines.

Justice's Matrimonial Tangle.

Justice Johnstone is in something of a pickle here Monday night at his examination. He is a Mexican couple who could not marry. The only interpreter available was a timid girl of fourteen years. Justice Johnstone pronounced his usual round wedding ceremony and supposed the young, bashful miss had correctly translated his words to the bridal pair. What was the result? The next morning the confused interpreter had made the intended bride promise to be a sister to her putative husband.

The marriage of a brother and sister in this territory is a very grave crime and Justice Johnstone don't know whether he is liable under the Edmund's Act as he has not perfect yet. Pending further examination, he released him in the sum of \$2500, or to procure his attendance when wanted.—Gazette.

Digest of Land and Mining Decisions.

Enforced by W. D. Harlan, land and mining attorney, Washington, D. C.

The pending of adverse proceedings suspends the running of time allowed a pre-emptor, by statute, for the submission of final proof. The amendment of Rule 85 of the Federal Rules of Court, if he so desires, to submit proof during such proceedings, but no statute right is lost by failure to take advantage of same.

An actual discovery of mineral within the limits of a mining claim is a prerequisite to the location.

When a legal mineral location has been made on a claim, as applied to the slight presumption in favor of the return is overcome and the burden of proof shifts to the party attacking the mineral claim.

A Big Deal for Tombstone.

The Prospector is in receipt of information from undoubted authority, of the incorporation of a company of New Orleans capitalists to work a group of mines in Tombstone district.

The company is capitalized for \$1,000,000, divided into 100,000 shares at a par value of \$10 each. The sum of \$50,000 has been paid in as a working capital. The name of the corporation is the Golden Queen Mining Co. The plans have not yet been completed, but it can be positively stated that inside of thirty days work will be commenced on a large scale on some of the choicest virgin ground in this district.—Prospector.

DEATH OF MRS. HOWARD.

Life of an Early Chief Justice of Arizona.

The Detroit Free Press of the date of March 25, records the death of P. H. Mich, the day before of Mrs. Lucy Howard, well known and loved by the older Arizonians. She was the wife of Hon. Sumner Howard, who a dozen years ago was one of the leading figures in the politics of the territory.

The Young Men's Christian Association Library is frequented by lady teachers and students of the high school; here can be read the daily papers, current magazines and any book in the library; in closets with glass doors is a collection of encyclopedias, biographies and similar books of reference; a card is kept on the table with the visitor's name on, which he asks for upon entering, the date is stamped upon the card and when leaving he returns it to his next visit. The interior work finishing of this building is oak.

Apprentices' Library is conducted by the general office of mechanics and tradesmen and is used by them and their children.

At the Young Men's Christian Association Library many young men spend many quiet evenings reading books and periodicals.

BOOKS.

An Interesting and Descriptive Letter of the

NEW YORK LIBRARIES.

A Combination of two will aggregate a Moneyed value of \$8,000,000

By E. Hopkinson Holgate.

This city is well supplied with these institutions. The Free Circulating Libraries are frequented largely by school children, and a good statistics for 1894 will give an idea of their work; 636,043 books were circulated; the largest class being of fiction, 20,457; the least of reference, 1582. The total expense of maintaining the six Free Circulating Libraries was \$34,265.44.

We will observe a few points concerning the Jackson Square Free Circulating Library the others being worked on similar plans. Any one can draw from there by obtaining a recommendation from any known gentlemen in business for himself in the city; magazines can be taken home for three days and books two weeks, after which a fine of one cent a day is imposed until the return.

They have a French magazine, several German and numerous books of both languages; there are shelves on which you can see the new books; two systems of cataloguing, one by book catalogues alphabetically arranged of English volumes, also catalogues of German books; the other by a case of drawers containing cards with the names of the books written on in print and with brass rods running through them, so that they cannot be taken out of the drawer, the names can be read by moving the cards backwards or forward on the rod, the different drawers are numbered, and the names of the books are written on the drawers.

Up stairs is the reading room with chairs and tables, one section is for gentlemen, inside of the railing, and stands next to a long table for children; here can be read the daily papers, current magazines and any book in the library; in closets with glass doors is a collection of encyclopedias, biographies and similar books of reference; a card is kept on the table with the visitor's name on, which he asks for upon entering, the date is stamped upon the card and when leaving he returns it to his next visit. The interior work finishing of this building is oak.

Apprentices' Library is conducted by the general office of mechanics and tradesmen and is used by them and their children.
